The Asian American / Asian Research Institute (AAARI) of The City University of New York will be holding its 5th Anniversary Celebration at Gala Manor in Flushing, Queens, the heart of New York City's largest Asian American community. We are proud to have Chancellor Matthew Goldstein as our honorary banquet chairperson. Please come and join us to celebrate our past and present achievements and support our future endeavors. Your unwavering support will enable AAARI to continue to "Build the Bridge Between CUNY and the Asian American Community."

This event will feature Ms. Vivian Lee, from WNBC News Channel 4, who will serve as our mistress of ceremonies. Throughout the evening, a delicious ten-course banquet dinner will be served and accompanied by song and dance performances, in addition to a silent auction and raffle drawing.

The success of this fundraising dinner depends upon your support. Your contributions through ordering a ticket, purchasing a table or placing an advertisement in our banquet journal will enable AAARI to continue to serve friends and members of the Asian/ Asian American community. Please join us for this special event.

For more information about our Annual Banquet please visit our website at www.aaari.info.

Please Return Bottom Half Along with Check
